---

Bill:

For your records, attached is an electronic copy of the tear sheet, for the Wilcox Oil Company NPL listing public notice, which ran in the Bristow News on December 18, 2013.

We never received a newspaper tear sheet, so after repeated requests to the newspaper to mail it, they finally sent one electronically, so we have documentation that the notice ran in the paper. I will let you know if we receive a mailed copy.
